

FIRST MEDIA PROFESSIONAL LEARNING CENTRE

Drawing for Animation

Certificate of Attendance conferred by
FIRST MEDIA PROFESSIONAL LEARNING CENTRE
In collaboration with First Media Design Integrated Marketing Communication Group

Objectives of the Workshop

This short course develops the foundation skills in drawing techniques used in various animation preproduction processes. Topics such as life drawing, perspective, and character design will be delivered to prepare learners for subsequent study in the various form of animation production, such as classical animation, stop motion animation or 3D animation.

Profile of First Media (FM)

First Media is Singapore's leading player in the marketing communications business. FM comprises 10 creative studios with specialised disciplines, experience and qualifications, offering a seamless chain of integrated marketing communication services.

Over the decades, FM studios have been successful in providing creative services to a broad spectrum of industries covering small and medium enterprises (SMEs), multinational corporations, Temasek-linked Companies (TLCs), government ministries and statutory boards.

FM has established a strong presence in regional markets. It has physical studio presence across 5 Asian markets staffed with qualified and experienced design practitioners.
