ACCOMMODATION

Private Hostel

Independent agencies run private hostels that provide single and shared rooms. These hostels provide twice-weekly laundry, housekeeping service, utilities, and wireless internet access. The rate for a simple twin or triple-share room is about SGD 450 - 700 a month. For a better-equipped single room with an attached bathroom, be prepared to pay at least over SGD 1,000 a month. You can expect to pay a registration fee and a security deposit of one month's rent. In addition, a certain minimum length of stay might be needed for some hostels.

EDU Stay / Home Stay

The EDU Stay programme provides international students with room and board as well as guardians who are responsible for providing pastoral care, family support, and love and attention as though the students were their own children. EDU Stay matches students with a suitable guardian. In addition, the programme also provides counsellors who hold monthly meetings with both guardians and students to review the month's activities, and submit progress reports to the parents. Some Singapore households open up their homes to offer international students full board. The cost ranges from SGD 500 to SGD 1,000.

Or you may email to our recommended agent, Xavier Lim (lim_meide@hotmail.com) to enquire more information.

TRANSPORTATION

Getting around Singapore is easy. We have one of the most efficient, affordable and user-friendly transport systems in the world. You'll enjoy a seamless, integrated world-class transport system consisting of buses, the Mass Rapid Transit (MRT), the Light Rapid Transit (LRT) and taxis. Using cash, the EZ Link Card (that may be obtained at any MRT train station) or credit card to pay for the fares, you are only minutes from your destination.

Bus

You can find a bus stop practically anywhere in Singapore and you don't have to wait very long for a bus. You can pay the bus fare using cash or with an EZ Link card. There are concessionary fares available for primary, secondary and tertiary students. Students get their first issue of their concessionary cards from their school and are eligible to buy monthly concessionary stamps (only applicable to government schools). This will allow them unlimited travel on the bus or up to four rides on the train a day.

Visit <http://www.sbstransit.com.sg> and <http://www.smrt.com.sg> for more information on bus routes. You can also buy a copy of the bus guide at most bookstores. Bus fare ranges from 80 cents to SGD 2.00 (depending on the distance traveled and whether you are a concessionary pass holder).

MRT & LRT

The MRT system is the fastest way to get around Singapore. Comprising of 3 main lines – East-West, North-South and North-East lines, they practically cover the whole of Singapore. The train stations are located near shopping malls, places of interest and government/corporate offices. They arrive very frequently, with intervals as short as one or two minutes during peak hours. The trains are air-conditioned, clean and comfortable, and operate from 5.30am to 11.45pm daily (depending on the stations).

The LRT trains act as feeder service, bringing you to the nearest MRT station. Fully automatic, they operate in selected housing estates. Together with the bus feeder service, it helps you to connect to the MRT very easily. MRT fare ranges from SGD 1.00 to SGD 2.00 and LRT fare ranges from 50 cents to SGD 1.30.

You can pay the train fares by using EZ Link card or a standard ticket available on sale at every MRT station. Visit <http://www.smrt.com.sg> for more information.

Taxi

Taxis are plentiful, numbering about 15,000. They can be flagged down almost anywhere on the street. Alternatively, you can queue at the taxi stands that are most conveniently situated at most major shopping or commercial centres. These air-conditioned taxis charge reasonable rates. The average flag down rate is SGD 2.40, with surcharges for peak hours, public holidays, CBD entrance, ERP zones and after midnight charges. You can also book a cab at additional cost. Visit <http://www.citycab.com.sg>, <http://www.comfortgroup.com.sg> and <http://www.smrttaxi.com.sg> for more information.

EZ Link Card

The EZ Link card is a contact-less smart card. It is used to pay for rides on the MRT, LRT and public buses. The card reader will automatically deduct the exact fare from your EZ Link card as you board and alight from a train or a bus. When you transfer from a bus to a train or vice versa, you will be able to enjoy rebates. To top up your card value, you can do so at all MRT and bus stations. Visit <http://www.ezlink.com.sg> for more information.
