

FIRST MEDIA PROFESSIONAL LEARNING CENTRE

Pattern Making and Sewing - Basic

Certificate of Attendance conferred by
FIRST MEDIA PROFESSIONAL LEARNING CENTRE
In collaboration with First Media Design Integrated Marketing Communication Group

Objectives of the Workshop

The Patternmaking short course is designed to give students the skills to create patterns in a range of different styles to fit various sizes. Students will learn how to create standard "block patterns" and manipulate them to specific size and measurements.

The Sewing short course is incorporated to help students produce professionally fitted garments and teach them the "tricks of the trade" to creating beautifully finished garments.

Profile of First Media (FM)

First Media is Singapore's leading player in the marketing communications business. FM comprises 10 creative studios with specialised disciplines, experience and qualifications, offering a seamless chain of integrated marketing communication services.

Over the decades, FM studios have been successful in providing creative services to a broad spectrum of industries covering small and medium enterprises (SMEs), multinational corporations, Temasek-linked Companies (TLCs), government ministries and statutory boards.

FM has established a strong presence in regional markets. It has physical studio presence across 5 Asian markets staffed with qualified and experienced design practitioners.

Course Leader

Farah Jones is a Singapore born fashion designer who has been working in the international fashion industry for over 12 years. She has a first class Honors BA Degree in fashion design from the Royal Melbourne Institute of Technology (RMIT). Farah's list of professional accomplishments range from designing a wide array of women's and children's wear for many new boutiques and large design companies around the world, to managing, buying, marketing and merchandising for retail giants like Esprit, Laura Ashley, Prada, Jean Paul Gaultier and Dolce & Gabbana.

Farah was previously employed by Raffles Design Institute (Shanghai), where she taught Fashion Design and Fashion Production courses to up and coming young designers in the industry. She combines her love for fashion and teaching by taking a hands-on approach to her classes, teaching new and innovative concepts to those who want to be part of the enticing fashion world. She is dedicated to teaching her students how to be true fashion professionals.

What Will You Learn During the 2 Months?

Our specialist tutor will teach you about the technicalities of pattern development including how to achieve a range of silhouettes, in skirts, bodices dresses and tailored trousers, as well as creating collars and sleeve variations.

Students will be taught to engineer patterns for a range of fabric constraints, manipulate pattern pieces, and be given advice on laying out pattern pieces when cutting fabric. Elements of garment construction, trims and finishes will also be incorporated.
